

FORM Z5

Substantial Equivalence Packet Medical School Questionnaire Educational Facilities

Board rule 163.1(11)(B)(i) relates to the medical school educational facilities. It requires that the facilities for basic sciences and clinical training (i.e., laboratories, hospitals, library, etc.) shall be adequate to ensure opportunity for proper education.

To demonstrate that the medical school meets these criteria, for the years the applicant was in medical school, the medical school Dean or President must provide the following documentation:

- A description of each of the basic science facilities, clinical science facilities, library or libraries, laboratories, and hospital facilities for the time the applicant was in medical school
- A school catalog or other documentation related to the adequacy of the school's educational facilities

A copy of Form Z5 must be submitted as a cover sheet to the documentation submitted in response to the requirements noted on Form Z5.
