ADDENDUM A  
ANNUAL REPORT OF NON-FINANCIAL DATA DECEMBER 2024

Texas Medical Board (TMB)  
Report of Investigations Pending Over One-Year  
For the Fiscal Year Ended 8/31/2024

Under the requirements of SB 104 (78R), TMB is required to submit an annual report of “information regarding any investigations that remain pending after one year, including the reasons the investigations remain pending.” (BTCA, Occupations Code Sec. 153.056).

In preparing the data, TMB has defined “pending investigations” as all investigations that were opened before August 31, 2023, that did not have a final disposition (either dismissed or a final Board Order) by August 31, 2024.

TOTAL PENDING INVESTIGATIONS

As of August 31, 2024, there were 140 investigations in the agency that had been open for at least one year.

OPEN INVESTIGATIONS IN THE INVESTIGATION DEPARTMENT

Of the 140 investigations over one year old, 41 were still pending in the Investigations Department.

- 19 investigations involved criminal charges or charges by another state board, are on hold at the request of law enforcement or are on hold pending the outcome of a trial or court proceeding.
- 13 were referred to the Litigation Department after September 1, 2024.
- 9 investigations involve difficulty locating an expert panelist to review the case or pending medical records or responsive documents.

OPEN CASES IN THE LITIGATION DEPARTMENT

- Of the 99 total cases\*, 8 were closed by Board action after September 1, 2024, either via a Board Order, Remedial Plan or dismissal.
- There were 36 cases pending action at SOAH as of August 31, 2024 (includes either awaiting the hearing date or awaiting the issuance of a Proposal for Decision by the Administrative Law Judge).
- There are 47 cases still in the agency hearings Informal Settlement Conference process:
  - o For 23 of these cases, the agency is either still negotiating with the licensee to obtain an Agreed Order or Remedial Plan or is preparing a formal complaint for filing at SOAH.
  - o For 24 of these cases, an ISC has been set or the ISC was pending at the end of FY 2024.

See Tables one and two attached:

Table 1: De-identified listing of pending investigations in the Investigations Department

Table 2: De-identified listing of pending investigations in the Litigation and Enforcement Department that are over one year old. This includes cases which were reported as pending in previous reports and were still pending as of August 31, 2024.

\*Some investigations logs are combined when transferred to the litigation department to maximize the efficient use of agency time and resources and to present the strongest legal case. This also reduces the total number of hearings for Respondents and saves them time and resources as well. Therefore, the number of investigations transferred to litigation will not be a one-to-one equation.

ADDENDUM C  
ANNUAL REPORT OF NON-FINANCIAL DATA DECEMBER 2024

Texas Medical Board (TMB)

Complaints Received and Complaint Disposition by Type for the Fiscal Year Ended 8/31/2024

Under the requirements of SB 104 (78R), TMB is required to submit a report each fiscal year that “provides aggregate information about all complaints received by the board categorized by type of complaint, including administrative, quality of care (medical error), substance abuse, other criminal behavior, and the disposition of those complaints by category.” (VTCA, OCCUPATIONS CODE §154.002). This report includes complaints that were conducted under the provisions of SB 104 for licensees and that have been resolved from September 1, 2023 through August 31, 2024.

In preparing this report, the Board identified eight categories of complaints (including those listed above) and their final dispositions. **Table 1.** Within each of the eight complaint categories is a list of the associated violations (as provided by the Medical Practice Act) that fall within that category. This report includes only the primary allegation for each complaint at the time of the Board’s action concerning the complaint and does not include secondary allegations of violations that may be associated with a complaint. For dismissed cases, this is determined by the primary allegation at the time the investigation was filed. For cases with action, this is determined by the primary violation identified as the reason for the action.

In FY 2024 a total of 9184 complaints were received. Of these, 1657 cases were filed for an investigation. 3552 were considered jurisdictional not filed, meaning they related to a licensee of our agency, but were not filed, as the facts alleged did not suggest there was any potential violation. 3881 were considered non-jurisdictional, meaning they did not involve a licensee of our agency or did not amount to a complaint that could be investigated. This report covers Medical Board complaints.

**Table 2** shows the total number of complaints resolved in each category and the type of disposition for each complaint: resolved with disciplinary action against physician (license revocation/surrender, license suspension, or license restriction/reprimand); resolved with physician entering into a remedial plan; or dismissed. Not all orders include a specifically reported outcome, such as a restriction or suspension, because some orders require only a fine or a continuing education course. Those orders are reported as a disciplinary action, but not categorized as having a specific reportable sanction. (Many cases do not have a disposition in the same fiscal year in which they are opened, so this will not equal the total number of filed complaints for FY 2024).

In FY 2024 the Medical Board entered 120 Orders, 139 Remedial Plans, 9 Final Orders and 2 revocations pursuant to Ch 53 for incarcerated licensees. There were 28 automatic orders (Suspension by Operation of Law and Revocation by Operation of Law) that were entered in FY 2024. Also, The Board’s pre-investigation section processed 80 Warning Letter dismissals that did not involve quality of care or boundary issues, and that involved only first-time administrative issues that were resolved without opening a formal investigation.
