ADDENDUM A  
ANNUAL REPORT OF NON-FINANCIAL DATA DECEMBER 2020

Texas Medical Board (TMB)  
Report of Investigations Pending Over One-Year  
For the Fiscal Year Ended 8/31/2020

Under the requirements of SB 104 (78R), TMB is required to submit an annual report of "information regarding any investigations that remain pending after one year, including the reasons the investigations remain pending." (BTCA, Occupations Code Sec. 153.056).

In preparing the data, TMB has defined "pending investigations" as all investigations that were opened before August 31, 2019 that did not have a final disposition (either dismissed for a final Board Order) by August 31, 2020.

TOTAL PENDING INVESTIGATIONS

As of August 31, 2020, there were 173 investigations in the agency that had been open for at least one year.

OPEN INVESTIGATIONS IN THE INVESTIGATION DEPARTMENT

Of the 173 investigations over one year old, 53 were still pending in the Investigations Department.

- 27 investigations involved criminal charges or charges by another state board or agency and are on hold pending the outcome of a trial or court proceeding.
- 9 were dismissed by the Board after September 1, 2020
- 9 were referred to the Litigation Department after September 1, 2020
- 3 investigations have had difficulty locating an expert panelist to review the case
- 3 remain open pending necessary records or additional evidence
- 2 remain open related to litigation strategy

OPEN CASES IN LITIGATION DEPARTMENT

- Of the 120 total cases\*, 17 were closed by Board action after September 1, 2020, either via a Board Order, Remedial Plan or dismissal.
- There were thirty-three cases pending action at SOAH as of 8/31/2020 (includes either awaiting the hearing date or awaiting the issuance of a Proposal for Decision by the Administrative Law Judge).
- There are 80 cases still in the agency hearings Informal Settlement Conference process:
  - o For 38 of these cases, the agency is either still negotiating with the licensee to obtain an Agreed Order or Remedial Plan or is preparing a formal complaint for filing at SOAH.

See Tables one and two attached:

*Table 1: De-identified listing of pending investigations in the Investigations Department*

*Table 2: De-identified listing of pending investigations in the Litigation and Enforcement Department that are over one year old. This includes cases which were reported as pending in previous reports and were still pending as of 8/31/2019.*

\*Some investigations logs are combined when transferred to the litigation department to maximize the efficient use of agency time and resources and to present the strongest legal case. This also reduces the total number of hearings for Respondents and saves them time and resources as well. Therefore, the number of investigations transferred to litigation will not be a one to one equation.

 Complaints Received and Complaint Disposition by Type for the Fiscal Year Ended  
 8/31/2020

Under the requirements of SB 104 (78R), TMB is required to submit a report each fiscal year that “provides aggregate information about all complaints received by the board categorized by type of complaint, including administrative, quality of care, medical error, substance abuse, other criminal behavior, and the disposition of those complaints by category.” (VTCA, OCCUPATIONS CODE §154.002). This report includes all complaints that were conducted under the provisions of SB 104 for licensees and that have been resolved from 9/1/19 through 8/31/20.

In preparing this report, the Board identified eight categories of complaints (including the five listed above) and their final dispositions. Within each of the eight complaint categories is a list of the associated violations (as provided by the Medical Practice Act) that fall within that category. This report includes only the primary allegation for each complaint at the time of the board action concerning the complaint, and does not include secondary allegations of violations that may be associated with a complaint. For dismissed cases, this is determined by the primary allegation at the time the investigation was filed. For cases with action, this is determined by the primary violation identified as the reason for the action.
